THE MILWAUKEE RADIO AMATEURS' CLUB, INC.

The World's Oldest Continuously Active Radio Amateur Club

MILWAUKEE, WISCONSIN

Howard S. Huntington, K9KM
65 So. Burr Oak Dr.
Lake Zurich, Il., 60047   Vice-Director, Central Div. ARRL

Dear Howard:

The Milwaukee Radio Amateurs' Club is commemorating its 80th birth-
day this year, and we are planning a party for members and guests.
Several members of the Milwaukee area radio clubs, repeater organ-
izations, and prominent hams in the communications loop, will be
invited. The party will be held at a date yet to be determined.

You are cordially invited to meet with our members and guests, and
to prevent confusion due to date conflicts, we would appreciate
your selecting a date, convenient to your schedule.

The MRAC naturally, would expect to defray your expenses, and this
being Wisconsin, it might be well to set a date closer to spring.

Thank you for your attention, and we look forward to your joining
us.

                              73,

January 30, 1997

                         Edward F. Wille   W9PWG
                              President

Milwaukee Area Skywarn Association, Inc.
Skip Voros   WD9HAS and Rick Swierczynski   N9TPY

Dear Skip and Rick,

On behalf of myself and the members of the Milwaukee Radio
Amateurs Club, we all wish to thank you both for the very
nice and well thought out weather program that you presented
at our club meeting. We found your program to be very
informative.   I am sure that many of our members will pay
much closer attention to the weather around them and some
will use their radio to help keep you informed through the 91
or 67 repeaters. The slides and video's were very
interesting.
Keep up the good work!

Sincerely,

Jim Tromblay   WB9LNU

Secretary
